Feeling passionately concerning something and desire to share it? Compose an essay! Differ with a popular point of view and dream to encourage others to join you? Create an essay! Required to compose something because the college you dream of attending is making you? Write an essay! "Essay" is a loose term for composing that insists the writer's point of view on a topic, whether academic, editorial, or even funny.

Like any form of writing, essays come in several different types. Often the project dictates the type, as with admissions essays, and also various other times the thesis will identify it.

## Examples and Definition of Essay

This is the most typical type of college paper, so keep that in mind when composing your initial college essay. The majority of universities ask for an admissions essay in applications, which typically revolve around why you're interested in their school. A convincing essay is simply as it sounds: an essay to persuade or convince the viewers of a specific point.

When you wish to devote equal focus to two opposing points, a compare-and-contrast essay works better than argumentative or persuasive essays, which lean to one side over the other. Individual essays are often unscientific or real-life stories of the writers, like the jobs of David Sedaris. Because they have a tendency to adhere to narrative frameworks, the thesis can be adaptable or expository.
